The above being the case, the Showalter team will make its debut against the Colle Group on Thursday, May 28, 1956 at the Precita Valley Community Center. In a recent exhibition match these two teams tied 3-3. The Showalter team is the competitive and representative team of the Precita Valley Chess Club.

The games section of this paper has only been missing due to a lack of games. Your editor feels the club members would prefer to see how some of our games are played other than his own which seems to be all that is available at the moment. Okay, men, don't all rush at once--, also, don't be bashful!

Our visitor last week was Jess Silver. He contemplates joining our club. We'll be glad to have you, Jess, and you are always welcome.

I am sorry to say there will be no more entries accepted for the club championship tourney. New members will have to be content to play ladder tourney games until the present round robin schedule is completed to determine the club champion.
