

CHESS BARBS

BY Jude Acers (US senior master, Fully recovered from a recent attack of Time Pressare Blues (at the US Jr. Championship), talented, hard-working Berkeley chess master Craig Barnes romped over his victims 6-0 at the X Stamer Memorial, June 30, July 1 & 4, winning \$440 as well as picking up some precious few rating points.

Sharing second and third with scores of 5 1/2 were Romeo Rodriguez, San Francisco, and former California State Champion David Blohm, Berkeley, worth \$165 to both of them.

The 6-round, USCF Swiss attracted 119 players, all looking for a cut of the \$1,400 prize money, to the Mechanics' Institute Chess Club in San Francisco. Former master Roy Hoppe and Mary Lasher of Berkeley co-directed the split-day tournament.

Barnes selected this game against expert Ted Syrett as his best of six, because it required

much exact analysis, especially during the complications beginning with his 20th move. White's attempt to squiggle out by sacrificing the exchanges was seen in advance by Barnes, who also calculated that his PPP (powerful passed pawn) would more than compensate for the loss of the two minor pieces for the rook.

DIAGRAM: Black's three passed pawns look absolutely conclusive, yet White (Stahlberg) shatters all illusions with a dazzling display of footwork that must have left his opponent (Tartakover) shaking his head in disbelief.

The miracle begins 1 h4! a5 (Realizing that his king cannot be in two places at the same time: 1...Kf5? 2 h5 Kg5 3 d5 Kf6 4 d6 Ke6 5h6!) 2 h5 a4 3 Kd2! b5 (United we stand?!), and continues 4 d5ch! Kd7 (Forced; since 4...Kd5 allows White to promote with check after
