A surprise party was held in honor of Fremont Chess Club president and founder Hans Poschmann recently in appreciation for his continuing efforts to keep the club a going concern.

A plaque was also presented to Hans in addition to the cake and punch that was served. Everyone had a good time, except Hans' gout.

CLUB CHAMPIONSHIPS BEGIN

An informal club organizational meeting was held after the party with members voting to start collecting dues of \$12.00 a year, payable beginning July 1. Dues will be paid in installments of six months at a time. Late joining members will pay on a pro-rate basis.

The club championships will begin July 9, every Friday night on a round robin schedule. After the championship is decided, the knockout tournament for the Ebony Rook will start.

NEW MANAGEMENT

The editorship of the newsletter was turned over to Dan McDaniel, who happens to have two qualifications for the job: he was a journalism major in college, and he happened to be the only one willing to do the job. He will try to print this every two months. Don't hold your breath.

Dan McDaniel managed to finish third in the United States Amateur Championships, Reserve Section. Here is one of his games.

White: Dan McDaniel, 1590
Black: Ray Howard, 1754

Too slow. Black should play 9) ..e5, which white now prevents.

- | | | |
|-----|------|------|
| 10) | Ne5 | Qc7 |
| 11) | Ndf3 | Ne4? |

Losing a pawn to no purpose.

Wasting time. Black should drive the knight away with his f pawn.

- | | | |
|-----|-----|----|
| 38) | a3 | h5 |
| 39) | Kf1 | f5 |
| 40) | c5 | bc |

- | | | |
|-----|-----|-----|
| 41) | Rc5 | Rc5 |
| 42) | bc | f4 |

Too late. Now watch white knight outplay blacks bishop.

- | | | |

| 43) | gf+ | fg |
| 44) | Nc2 | Bc4+ |
| 45) | Ke1 | Kf5 |
| 46) | c6 | Bd5 |
| 47) | Nb4? | Bg2 |

White nearly gives the game away. Correct was 47) f3! and if Bc6, 48) Nd4+ winning the bishop.

| 53) | Nb6 | h3 |
| 54) | c8(Q) | Bc8 |
| 55) | Nc8 | h2 |

Is the knight too far out of play?

- | | | |
|-----|------|-----|
| 56) | Kg2 | Ke2 |
| 57) | a4 | f3+ |
| 58) | Kh2 | Kf2 |
| 59) | Nd6 | Ke3 |
| 60) | a5! | f2 |
| 61) | Nf5+ | Ke4 |
| 62) | a6! | Kd5 |

If the black king captures the knight, the a pawn queens. If 62)...f1(Q), then 63) Ng3+ wins.

- | | | |
|-----|------|---------|
| 63) | a7!! | resigns |
|-----|------|---------|

If black queens, then the knight forks at e3. A fascinating ending.
