Dear Richard:

Thank you for the game scores from the Daly City Tournament. I've added a few of my own scores to your files. I'm surprised you didn't have more of them. Particularly Wang-Krause and Krause-Turner. John Almond may have them. If he does he is sure a lax editor, for they should have been published long ago. Instead, he fills up "Chess in Action" — the official organ of C.F.N.C. with irrelevant poems, hobbies, etc.. It should be used to print news and game scores.

I could not compete in the latest C.F.N.C. Tournaments for lack of money. I will annotate some of the games for your tournament book. See me in Oakland. Do it yourself, G.K. forgets things too easily.

P.S. Please excuse hasty, sloppy letter.
