
U.S.A.—The U.S. Junior Championship has been won by J. Cross, of California. He tied with R. R. Siemms with 8 points out of 9, but was first on the Sonneborn-Berger system. The winner is the Californian Junior Champion and tied with Bisguier and Evans in the 1949 Junior Championship at Fort Worth. On that occasion he was reckoned third on the Sonneborn-Berger so his success is well deserved this year.
